M Flex Desk Workstation

Multibrackets M Flex Desk Workstation - Mounting kit for LCD displays and keyboards – white and silver - screen size: 15" - 27" – desk mounted

Introducing M Flex Desk Workstation. This height adjustable arm moves your keyboard and monitor in one simple motion. Designed as a Standing Desk Mount System that provide an ergonomic solution allowing the user to change the way they work throughout the day. Ideal for corner workstations or confined areas, M Flex Desk Workstation attaches to the rear or side of most desk surfaces while keeping the keyboard upon the desktop when sitting.

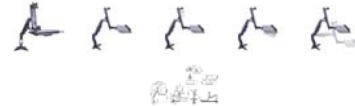

Creating true range of motion for a standing desk solution, you can move your system left, right, up or down, depending on need. The keyboard tray module provides a with a built in mouse pad which can be slid into place on either side of the keyboard providing for mouse operation on the left or right side. The flat panel display mount using VESA 75 or 100 can be individually rotated, raised and lowered without changing the keyboard position. This allows for a wider range of motion to accommodate different work requirements.

Highlights

- One simple motion adjustment
- Extend, tilt, swing and pivot your monitor up to 436mm.
- Smooth torque adjustment for both the Spring arm and the display
- Designed for maximum utilization with desk corners and rear mounting providing more space
- Fold the keyboard and push the arm out of the way
- Well suited also for tall users
